Information Sought :	Can you stop the direct export of Black Galaxy Granite Rough Blocks which are being exported to China or other countries. Supplying these rough blocks to local granite industries will make the economy strong and increase the value of Indian Rupee. Black Galaxy Granite is a Black Slab/tile with metallic stars, which is found in the quarries of Chimakurthy, Ongole, Andhra Pradesh. Black Galaxy Granite is unique and found only at Chimakurthy Quarries. By Exporting these Rough Blocks directly to other countries we are weakening our Indian Rupee. Can you please give me the list of Granite Exporters from Ongole and Chennai.
